WORK EXPERIENCE

Xpeed Studio (Roxnor)

2022 - Present

Front End Engineer (II)

- Worked as a core team member contributing to the development and enhancement of flagship WordPress plugins, including ElementsKit and GutenKit. Assisted in scaling the ElementsKit plugin from 700K to nearly 2M active installations by implementing new features, resolving technical issues, and optimizing performance.
- Collaborated on the launch and growth of the GutenKit plugin, contributing to its achievement of over 10,000 active installations within the first year of release.
- Actively participated in Agile workflows, contributing to efficient sprint planning, task execution, and ensuring the timely delivery of project milestones.

Theme Pure

Aug 2021 - Apr 2022

Front End Developer

- Executed bug fixing and comprehensive testing, ensuring high-quality performance and user-friendly template design for all WordPress themes.
- Worked alongside a team of developers to enhance project outcomes through effective collaboration and knowledge sharing.
- Transformed PSD designs into responsive HTML, ensuring pixel-perfect accuracy and a seamless user interface across various devices.

Nested It Solution

Aug 2020 - Jan 2021

Front End Developer

- Working with the wider development team.
- Manage website design, create HTML Templates for Template Monster
